Product information

The FV06 features a waterproof membrane that protects against penetration of moisture into the boot. This style includes a double density outsole with ladder grip, fuel and oil resistance and superior slip resistance. The reflective panelling works well in poorly lit conditions. This boot has a comfort footbed with additional under-foot cushioning for all day wear.

CompositeLite

An exceptional range of safety footwear which is lightweight, flexible and metal free. Portwest Compositelite footwear contains non metallic protective fibreglass toecaps and/or non metallic protective midsoles.

Foot Protection

Innovation, design, styling and quality components define the Portwest foot protection collection.
